FROM THE SECRETARY'S QUILL

February 2010

Thanks to Mariner's Boat Club for hosting the February ABYA Meeting. The Board truly appreciates the efforts extended to make the Meetings successful and enjoyable for everyone. We would like to also thank Steve Remias, of Mac Ray Harbor, our guest speaker for the meeting. Steve gave an excellent talk on a variety of boating activities including encouraging safe and clean boating, the boating industry economy and the Clean Marina certification.

Visit our website, abya.org, for information and updates. The website also has the general membership meeting flyers and any paper work you may need. You will need to sign up for secure access.

We will continue to process as much information as possible electronically for cost savings as well as expediency. If you wish to have flyers for your club's events published in the Quill, please e-mail a copy to me, t_m_dunn@comcast.net.

Respectfully,

Terry Dunn

Secretary AYBA 2010
